

Aquaculture

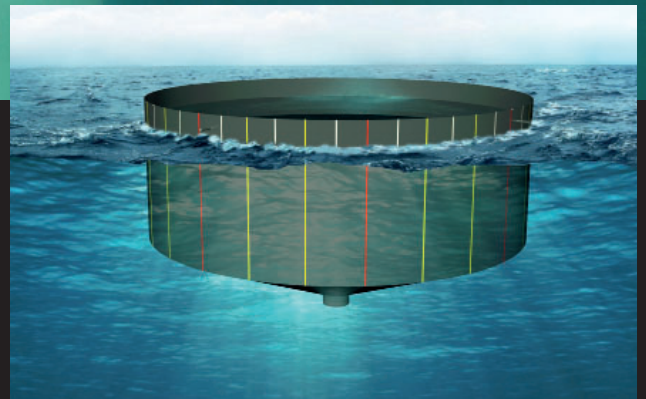

**CLEVER
PROTECTIVE
COVERS**

We design & manufacture a range of tarpaulin products for the aquaculture industry.

All our products are made from high-grade material with rot-free stitching, which allows our products to be applied in even the most harshest environments. Applications where or tarpaulins have been used include:

- Sea-lice skirts
- Fresh-water tow-bags
- Water storage tarpaulins
- Water treatment tarpaulins
- padded protectors
- Silt curtains
